MISKeeper Specifications

[Network Structure](#)[Model Specifications](#)

[ultra-easy! fastest three minutes to complete the installation.](#)

[MISKeeper five minutes easy to use!](#)

MISKeeper of close friends of the design, installation fast and easy. No need to prepare the other computer equipment and installation to go through bureaucratic procedures, without a more highly skilled staff to set up a computer. Just plug in the power line network and can immediately start the opening. Web-based interface, easy operation, as long as the right to use the Internet, the computer can not start immediately!
