Functional explanation

departments can be divided into different virtual groups to facilitate the management of personnel management and statistical work. And in accordance with department heads to give different authority, responsible for the implementation of the separation of powers and division of labor.

Examples

complete control of all the departments to go to work, regardless of the business, personnel, finance, R & D departments. Can ration demand different management accounts with different permissions to prevent other information and records related to non-managers to be seen.
